**W**illiam H. Hawley, Jr., clerk of the New York State Assembly in the late 1800's, founded what became the Hawley Lumber Company in 1901 on this site. Known locally as the Hawley Lumber Yard, it was originally operated as a supply business for farmers and masons. By 1909, buildings in the red barnwood style had been erected. Fred Hawley, Sr., took over the business in 1912 and operated it continuously for 61 years until his death in 1973.

The main shed which now houses the dining hall, was built in 1923. It was designed with the wide openings at the north and south ends so that horse drawn wagons, and later trucks, could be driven in one end, loaded from the first or second floor, and driven out. The original office was in the building located near Federal Street. A new business office was added to the main shed in 1940 and now houses the rest rooms and offices. The shop, and other buildings which were located in the present parking area, served as saw mills, horse barns, lumber sheds, window and door manufacture and there was even a long trolley to feed large logs through milling and planing sheds.

The Lumber Yard Restaurant is proud to serve the public in the Perry area at this historical location.

Your Hosts: Robin and Regina Brown
